This Index is a chronological sequel to the indices published for volumes 1 to 20 (1921-1929) and 21 to 30 (1930-1934) of the International Labour Review. It lists alphabetically by author (or title in case of unsigned articles) the original articles and "Reports and Enquiries" appearing in the International Labour Review from 1935 to 1957. This list is completed by subject and geographical indices.

The technical work of preparation of this Index was carried out by Misses Renée HAAB and Anne de MARTINI, students at the Geneva Library School, but the undersigned takes full responsibility for any possible errors or omissions.
